

Facebook Page for the “Taconic & Green School Board”

A motion to transition the Northshire Merger Study Committee’s Facebook page into the Taconic & Green School Board Page for the purpose of informative, unbiased communication pertaining to the work of the Taconic & Green School District Board of Directors.

- **Guidelines for Operation**
 - The page will be administered by one or more TGSD board members.
 - The page will only be used for the distribution of information pertaining to the TGSD board. For example:
 - Meeting Dates
 - Meeting Minutes & Agenda’s
 - Links to BRSU website for further information
 - All things shared on the page will be done so in a strictly informative and objective manner.

A Taconic & Green School Board page will be a great resource for further communication with the community. Since we have this pre-existing page from the Northshire Merger Study Committee, we may as well take advantage of it. All the information shared would be things that people would be able to find elsewhere should they be so inclined, however this page would bring the information in front of them with less effort on their part.
